INVENT SCHOOL PROGRAM

ISP

BRIEFER

Department of Science and Technology
**TECHNOLOGY APPLICATION AND
PROMOTION INSTITUTE**

The **Invent School Program (ISP)** serves as a platform for the youth to awaken their true ingenuity by stimulating their interest in creativity and inventiveness. The program involves a two-day seminar-workshop for elementary, high school, and college students.

The seminar-workshop is designed to open the young minds of students as a starting ground for young Filipino inventors on techniques in developing creative knowledge which is crucial in invention and prototype development.

COVERAGE

1. Co-sponsorship of the activity
2. Provision of resource persons and trainers for the students

REQUIREMENTS

- Letter of request addressed to DOST-TAPI Director
- Endorsement letter from DOST Regional Offices
- Project proposal
